Personal.

December 17, 1906.

Dear Dr. Blum:

When Win was home we questioned him and Bruce as to the cost of the uniform overcoat. They both said they thought it was, with cape, from \$20 to \$30. If it is not above the latter figure, we would like to have Win measured at once for the regulation overcoat, and have the tailor make it just as soon as possible, as he will need it for the coming cold weather. I would be glad if it could be finished so that it can be sent to him here during the holidays. Please ask Mr. Reusswig to see that the tailor is given the proper specifications. We would have it made here but some of our local tailors charge
