Dear Sir-

As I have been away for sometime I neglected sending amount of enclosed bill I trust that the institution has not been seriously inconvenienced by the delay.

I see by your 1904 announcement that the tuition has been raised- does this apply to former pupils?

I am very much pleased by the improvement made by Kenneth in general deportment and conduct; but really can't understand his low marks in his studies. Arithmetic which was his strong point he seems to have lost all interest in.

Was he promoted to the next grade?

With kind regards sincerely yours
W. H. Aten.
