June 20, 1907.

Rev. S. J. Blum,
Nazareth Hall,
Nazareth, Pa.

Dear Doctor Blum:- Mrs. Raines + I
desire to send to our written endorse-
ment of Nazareth Hall and to commend
its teachings - moral, mental and physical
its discipline, strict and perfect but
wholesome, - its location and primarily
its management and instructors to any
and all persons having sons whom
they desire to place in a good, safe
school.

It does not overwork boys. It brings
them carefully and surely to a certain
point in their lives - and if the boys
themselves will only appreciate the
"Square deal" and treat their teachers

and one another as fairly as they are treated by their teachers, they will find that they have very little to complain of and much to be thankful for in the training they receive.

Frederick will go back this fall, if we can persuade him to go willingly. We want him to go and we wish him to do so voluntarily so that he will be in a mood to appreciate and enjoy his work. We have always been able to get more out of him by good words ^{and} a little praise than by driving. He is naturally a home lover and very homesick at times when away.

We regret the homesickness only on account of the discomfort to him and because it at times has given him an

appearance of sickness or rebellion that some teachers did not understand and a few demerits had to be worked off in consequence.

We have tried to teach him square dealing, truthfulness and manliness and protection to those younger than himself and courtesey to those older, all of his short life and his record while under your teachings shows that you have made strong points of these same things and that he has done well.

Our trip to Nazareth and the kindness shown us pleased us very much.

We send our kindest regards to Mrs. Blum and yourself and wish you and the School success for many years to come.

Sincerely Yours John Rainey Jr.
