Rev. P. J. Blum.

Dear ~~Dr~~ Blum.

Enclosed you will
find check for the little
bill I owe. Sorry you had
the trouble of sending for
it so often but always before
the bill which came as this
did, after the ending of the
school year I paid at the
same time I sent check for

not know how to do sums in the first lessons in Arithmetic nor the earlier studies of Grammar and Geography. So, I have almost concluded to send him to Public School here in Ohio in September and allow him to graduate from the High School after which, if he shows any desire, I will enter him at the University of Pennsylvania.

Thanking you for the care and trouble you have taken with him

Yours sincerely.

the first term of the next year and, as I had not fully determined just what I would do with Morley this fall neglected to send you check till I should make up my mind. I thought last year he was being advanced too rapidly for such a young boy and found, after his return in June, that while he could do, and knew many things in his studies really in advance of boys of his own age - he did
