Rev. S. J. Blum-

Hazaretts, Penna

Oct 19th 1904

Dear friend.

I thank you for the kind note and if you have any occasion to write to Henry I hope you will let him know that I resent the way in which Papa has talked & written in the matter. My heart is broken and it seems hard to have some one airing it. When no one outside need know that is what I am here on a visit. Please

do not think that I mind your knowing it for I really think you ought to know of it. But just don't know anything if you & Mrs. Blum are questioned in Nazareth or any where else.

Sincerely
Alice Ettinger.
