Dear Dr. Blum:

I am very anxious to know just what German my cousin, Mr. Carl-John Lichtermann, had at your school. Will you please send me the names of all the books he used in your German classes, particularly those used for translation. I am trying to arrange his schedule for him this year as I am anxious to have him enter College next fall.

I will be very much obliged if

you will let me hear from
you at your earliest convinience.

I am

Sincerely yours
