Nazareth,Pa.

Dear Sir:-

As soon as I receive your bill for the term I shall send you check and will include the pending bill so as to avoid making two drafts.

John has picked up considerable English during his vacation, he can in my judgement take the regular introductory course as all other pupils,you can judge best what to do after you have talked with him,I do wish you could have him take up drawing,lineal preferred,any extra charge I will pay,his handwriting is also very miserable,kindly direct him to a change for betterment.

During vacation I noticed that he is somewhat inclined to be stubborn,kindly correct this habit when possible and any measure you might take will meet with decided approval.

I would like to receive a catalogue of the school,I sent abroad the last one you sent me.

Yours very truly,

S. Maduro
